White Mask Theater

Project Summary

White Mask Theater will be presenting a Showcase of their members' talents. This event will showcase original student work and include many performance art pieces that demonstrate the array of White Mask's actors' talent as well as creative student writing potential. The performances vary from poetry, monologues, one act performances, to absurdist theater pieces. White Mask Theater is hoping to create more of a name for itself at AUP and attract new members.

Explain How Your Project Will Benefit the AUP Community

This project will benefit the AUP community as it will provide an opportunity for students to appreciate their colleague's work. By presenting AUP student's own writing, directing, and acting skills we are hoping to create a supportive atmosphere that allows for a fun-filled community event of performance art's appreciation. The set for the showcase is decided and only members of the club will perform, however students that get interested during the event, can sign up for the club and perform at other events.
