Diversity at AUP

“freedom from discrimination on the grounds of sex, race, color, religion, national origin, age, disability, sexual orientation or gender identity, creating an atmosphere of mutual respect in which the improvement of opportunities for individual intellectual development is the paramount concern.”

LGBTQ STUDENTS

AUP offers multiple student organizations dedicated to LGBTQ identities. Find out more on the clubs website at aup.edu/clubs.

Additionally, most of restrooms on campus are single use restrooms that are not gendered.

INCIDENTS OF BIAS

If you experience any kind of bias on campus, AUP has procedures in place for reporting and investigating these incidents. Please reach out to studentdevelopment@aup.edu with any concerns or to report any incidents of bias.

We are proud to be a diverse, inclusive community with students, faculty and staff coming to our campus with a background of diverse experiences, identities and abilities. We do our best to enable all students to make the most of their time here. At AUP you can find a wide variety of support, including involvement in student clubs, counseling and other avenues of assistance.

We ask all students to uphold the values of the AUP Compact (see p. 118 of this handbook) that guarantees the rights of all members of our AUP community of the "freedom from discrimination on the grounds of sex, race, color, religion, national origin, age, disability, sexual orientation or gender identity, creating an atmosphere of mutual respect in which the improvement of opportunities for individual intellectual development is the paramount concern."

Transiting to university life can be an exciting and nerve-wracking experience for any student, but we understand that some may face more hurdles than their peers. We want your time here to be an exploration of your independence but encourage you not to hesitate to reach out to one of our dedicated and trained staff members for support, information, or advice.
