## SELECT YOUR INTERN

### ENHANCE YOUR TALENT POOL FROM OUR INTERNATIONALLY PREPARED AND ACCOMPLISHED STUDENTS

Explore the student profiles on the following pages and select from our talented students, both undergraduate and graduate degree students, who are ready to apply all their learnings to date on your behalf.

The profiles begin with graduate students (completing Master's degrees), followed by undergraduate students (completing Bachelor of Arts or Bachelor of Science degrees). The profiles are designed to provide a quick overview of each student's interests, skills, and professional and extracurricular experiences.

Students in this brochure are available to pursue internships in Summer/Fall 2018, either on a full-time or part-time basis (specified in each profile). If you wish to contact a student in order to receive his or her complete CV/resume or to arrange for a potential interview, please do so via the email address to be found under each student's name.

If you decide to offer an opportunity to a student, the student will need to register his or her internship according to AUP policy. Once the registration has been approved, the AUP Internship Office will send you a "convention de stage" template by email. A signed copy should then be returned to the AUP Internship Office for processing.

For additional information regarding the "convention de stage" process, please contact Darcee Caron at 01.40.62.06.25 or [internship@aup.edu](mailto:internship@aup.edu).
