## AUP Parent & Family Relations

Our goal in AUP Parent and Family Relations is to provide you with the resources and timely information you need to support your student.

This guide is your first stop for any questions you may have about the AUP experience or your student's time in Paris.

### EMPOWERING STUDENTS

AUP highly encourages students to sit in the driver's seat of their own college experience. This begins by developing relationships with parents and family based on mutual trust, autonomy and responsibility. AUP will communicate with students first and foremost for all important updates. The best way to find out about your student is to ask them directly.

We recommend using the discussion topics featured in each section of this guide to start important conversations with your student about living and studying in Paris, and what the year ahead will entail.

### STAYING CONNECTED

The Parent and Family Relations team provides year-round communication on the most important aspects of the academic year and acts as a link between you and campus. We communicate regularly with families via our website, email, newsletters, social media and events.

# Diversity & Inclusion

[www.aup.edu/diversity](http://www.aup.edu/diversity)

AUP is committed to creating an equal and inclusive learning space for all.

University policy prohibits discrimination on the grounds of sex, race, color, religion, national origin, age, disability, sexual orientation or gender identity. We encourage students to discover AUP's various programs, clubs and sources of support, including but not limited to:

## **AUP Diversity Council**

Students, staff and faculty group to support community members and advise the President and Provost

## **AUP For Consent**

A student group that educates students on consent and supports survivors of sexual harassment and assault

## **Guidance Counselors**

Offering free, confidential counseling sessions and referrals to English-speaking therapists off campus

## **GenSex Club**

A student group that addresses topics pertaining to gender, sexuality, sexual orientation and sexual health

## **Black & Abroad Club**

A student group representing and advocating for Black students on campus

## **ReSisters Club**

A student group that explores intersectional feminist concepts and advocates for gender equality on campus and beyond

# FERPA

[www.aup.edu/ferpa](http://www.aup.edu/ferpa)

AUP recognizes that the role of a parent or family member does not end once a student begins college. However, it is important to note that the US Department of Education developed the Family Educational Rights and Privacy Act (FERPA), **which states that once a student turns 18 or attends a school beyond the high school level, the university cannot release information about the student to anyone – even parents or other family members.**

FERPA's domain includes (but is not limited to) grades, disciplinary proceedings, billing and financial aid. While a parent or guardian understandably has an interest in their student's academic progress, they are not automatically granted access to the student's records without his or her written consent.

From the first day a student attends AUP, their records are protected by FERPA. At the beginning of each semester, as part of the check-in process, students will be asked to confirm or change their privacy settings and can change these settings at any time online. Once a student graduates, AUP will continue to respect the privacy settings last updated when the student was enrolled at AUP.

## DISCUSS WITH YOUR STUDENT

- Building a family communication plan
- What academic and financial information will they provide.
- What does open communication look like?

# Academics

[www.aup.edu/academics](http://www.aup.edu/academics)

While at AUP, students always have access to the academic support of our dedicated and talented faculty and staff. We encourage students to seek out these resources and to be proactive in shaping their own university experience.

## REGISTERING FOR CLASSES

Newly admitted students register for classes before coming to Paris for their first semester at AUP. Returning students can find more information about the registration process for the following semesters online.

**Learn more:** [www.aup.edu/how-to-register](http://www.aup.edu/how-to-register)

## ACADEMIC SUPPORT

The Academic Resource Center (ARC) is a combined writing, tutoring and academic technology space located on the 4th floor of the Quai d'Orsay Learning Commons.

The Center for Academic, Career and Experiential Advising (ACE) is a crucial resource for students throughout their journey at AUP, providing advice on course selection, choosing majors and minors, studying abroad and improving language skills. Each student is assigned an academic advisor.

## LEARNING DIFFERENCES

All students with learning differences or physical disabilities should reach out to their academic advisor and explore their options. Accommodations range from extra time for exams to tutoring and mental health support.

**Learn more:** [www.aup.edu/learning-difficulties](http://www.aup.edu/learning-difficulties)

## STUDY TRIPS

Registered students may sign up for faculty-led study trips to different locations in France, Europe and beyond. These cultural excursions can be stand-alone trips or part of a course curriculum. Alumni often reflect on these opportunities as the best part of their AUP experience.

**Learn more:** [www.aup.edu/academics/cultural-program](http://www.aup.edu/academics/cultural-program)

## COUP DE POUCE

The Coup de Pouce Fund was established to provide financial assistance to students whose academic programs integrate study trips. Eligible students can apply online.

# Health & Wellness

[www.aup.edu/health](http://www.aup.edu/health)

At some point during their time at AUP, most students will require support from AUP's Health and Wellness Team. The team provides both medical and mental support and can guide students through the French health care system.

## **AUP HEALTH CARE PLAN**

AUP offers a comprehensive health care plan that guarantees excellent medical coverage. Once registered, your insurance is included in your tuition. MSH International covers all basic medical costs as well as some alternative medicine.

This coverage includes eyeglasses, contact lenses, preventive dental treatment, alternative medicine such as chiropractic care, doctors who make house calls (SOS Médecins), up to 15 sessions a semester with a psychologist, and much more.

## **MAKING APPOINTMENTS AND FINDING MEDICAL PROVIDERS**

AUP provides a list of English-speaking medical providers. Students can also use Doctolib to make appointments with other specialists in Paris.

**Learn more:** [www.doctolib.fr](http://www.doctolib.fr)

## **GUIDANCE COUNSELORS**

Guidance counselors are available for free scheduled or drop-in sessions during regular business hours in the Combes Student Life Center. If necessary, counselors are able to refer students to English-speaking therapists off-campus. In addition, AUP will reimburse up to €90 for psychiatrists and psychologists and up to 15 therapy sessions per semester.

## OTHER HEALTH SERVICES

Arranging appointments, prescription transferrals, and assistance in finding the right place to get medical tests, blood work, x-rays, STD testing, contraception advice and more

# Safety & Security

[www.aup.edu/campus-security](http://www.aup.edu/campus-security)

AUP takes the safety of its community and visitors seriously. Our security team monitors building entrances, and all members of the AUP community are requested to show their AUP ID card upon entering. Guests must be registered in advance of their visit and be accompanied by an AUP community member while inside campus buildings.

Information on emergency procedures and crime reporting is available at the URL above and is included in the University's various information pamphlets, which are available at each security desk.

## ID CARDS

Students are required to use their AUP ID card to access campus buildings. Students are issued one ID card every year at no cost. Replacements are available through the Office of Student Development.

## EMERGENCY RESOURCES

AUP supports all students in the event of any emergency or incident. Students wishing to report an incident on or off campus should contact the Student Development Helpdesk at [studentdevelopment@aup.edu](mailto:studentdevelopment@aup.edu) or at the number listed opposite during business hours.

## DISCUSS WITH YOUR STUDENT

- What to do in an emergency and who to call
- Making smart choices and staying alert while living in a big city
- Creating a safe home (locking doors, making guest policies with roommates)

# Immigration

[www.aup.edu/immigration](http://www.aup.edu/immigration)

Navigating the requirements of French immigration can be tricky. AUP's Office of Student Immigration Services (SIS) assists students with immigration procedures and helps turn a potentially confusing process into an orderly and painless one.

## TITRE DE SEJOUR

All students must maintain a valid residency permit for the entire period of their studies at AUP. For those students who are not EU citizens, this means acquiring a *titre de sejour* (residency permit).

SIS regularly sends all returning students the necessary instructions on how to acquire and renew this permit. Students can also send immigration questions to [sis@aup.edu](mailto:sis@aup.edu). It is important that students read and respond to all emails from SIS in a timely manner. Putting off renewing a *titre de sejour* can pose many logistical problems for students and their families.

## THE SIS OFFICE CAN HELP STUDENTS:

Confirm their *titre de sejour's* expiration date

Secure an appointment either before, during or after the summer holidays (SIS remains open and available to students all summer)

Advise on the date by which a student should return to France prior to the expiry of their *titre de sejour*

Assist with documents needed for the acquisition or renewal of their *titre de sejour*

# Accounting

[www.aup.edu/sas](http://www.aup.edu/sas)

## STUDENT ACCOUNTING SERVICES

The Office of Student Accounting Services (SAS) is responsible for billing and collecting tuition and fees. Undergraduate tuition is calculated by semester. Graduate tuition is calculated by course credit.

Tuition payment plans are available for each. Unless other arrangements have been made, tuition is due in full by July 15 for the Fall semester and December 15 for the Spring semester.

## FINANCIALLY RESPONSIBLE PERSONS

Financially Responsible Persons (FRPs) will receive reminders about billing statements and reminders about upcoming tuition payments. If you, another family member, or your student is listed as an FRP, that person can visit the URL above to learn more about how to complete payments and how to report those payments on tax returns.

## DISCUSS WITH YOUR STUDENT

### IMMIGRATION

- Responding to SIS in a timely manner
- Reading all information sent by SIS
- The consequences of letting a *titre de sejour* expire
- Potential travel plans during the semester

### ACCOUNTING

- Having a job/working on campus
- How to set a budget
- Who is responsible for bills (tuition, books, entertainment)
- Setting up a checking/savings account and using credit cards

# GPS Program

[www.aup.edu/gps](http://www.aup.edu/gps)

AUP's signature Global Professional Skills (GPS) Program provides students with the opportunity to create an extracurricular path in parallel with their studies to sharpen critical skills and develop their personal and professional pathways toward post-AUP life.

## EARNING GPS CREDIT

The program begins in the first semester of a student's first year. As students participate in co-curricular activities, take on leadership positions, or join workshops and other educational activities, they earn GPS credit counting towards a coveted GPS Certificate. Events and co-curriculars that qualify for GPS credit are listed on AUP Engage.

## CORE CAPABILITIES

The program develops four essential Core Capabilities that align seamlessly with the core academic curriculum. The program culminates with a project in the Spring semester of a student's senior year, followed by the GPS Certificate Ceremony.

Professional: Independent, creative thinkers

Cultural fluency: Adaptable communicators with a global perspective

Leadership: Responsible, empowered leaders

Personal: Engaged, lifelong learners

## EXPERIENTIAL LEARNING AT AUP

As of Fall 2020, new degree-seeking students are required to complete an experiential learning activity. One way for a student to meet the Experiential Learning requirement of the core curriculum is to earn their GPS Certificate.

## DISCUSS WITH YOUR STUDENT

- Complementing academics with experiential learning
- Setting personal learning goals
- Taking an active role in their education
- How they see using their major in their future

# Life in Paris

[www.aup.edu/student-life/paris](http://www.aup.edu/student-life/paris)

The first step to settling into life in Paris is a French bank account, which is required for obtaining a cellphone contract and for paying bills like rent and electricity. We advise all students planning to stay in Paris for more than one semester to open a bank account. The Office of Student Development can guide your student, upon their arrival in Paris, through the process of opening an account with Société Générale or HSBC.

## BANKING: FAST FACTS

Opening a French bank account can take up to four weeks.

The Office of Student Development can guide your student throughout the process of opening an account with Société Générale or HSBC.

Wiring money is the fastest way to receive money from outside of France. You can either transfer money to your French bank account using the IBAN/BIC information from your RIB, or wire money using Western Union or TravelEx Moneygram.

Learn more about student banking at: [www.aup.edu/banking](http://www.aup.edu/banking)

## PUBLIC TRANSPORTATION

While Paris is an highly walkable city, students may find it more convenient to use the metro, train, bus and tramway systems. Students under 26 can purchase a yearly student transportation card, the Carte Imagine R, for €350. Students over 26 can purchase a regular card, called the Carte Navigo, which can be renewed on a monthly or yearly basis. At the time of printing, a pass including Paris and its suburbs costs €75 per month.

## MOBILE AND INTERNET PROVIDER

We work with comAvenue, a company near campus with English-speaking employees who can assist students in choosing a phone plan and internet provider.

Address: 24, rue du Champs de Mars, 75007 Paris.

Tel. +33 (0)1 45 55 00 07

Email: [info@comavenue.com](mailto:info@comavenue.com)

Free Mobile is an inexpensive phone and internet provider. No contract commitments are required, meaning that you can cancel your contract at any time without penalty. You can sign up online or at the Free store.

Address: 8, rue de la Ville l'Evêque, 75008 Paris

## DISCUSS WITH YOUR STUDENT

- How to use public transportation
- Personal safety and staying aware of one's surroundings
- Walking with friends/groups or using the "buddy system"
- Who will pay for daily life expenses (food, public transport, etc.)

# Residential Life

[www.aup.edu/housing](http://www.aup.edu/housing)

Throughout the year, the Office of Residential Life responds to any housing questions students might have and provides additional support services, including roommate conflict mediation, consultations and guidance for applying for the CAF.

## **FIRST-YEAR STUDENTS**

The Office of Residential Life is responsible for assigning first-year students to authentic Parisian living arrangements with their classmates, or in a homestay with a French family for a more culturally immersive experience.

## **RETURNING AND GRADUATE STUDENTS**

The Office of Residential Life also supports returning undergraduate students and graduate students in their search for housing by providing a database of available apartments owned by local proprietors. In addition, housing staff members will make an effort to provide additional information about potential housing options to students choosing apartments remotely.

## **APPLYING FOR THE CAF**

The French government provides housing subsidies known as CAF (Caisse d'Allocations Familiales) to eligible students. To apply, students must provide a French lease with their name on it and must pay rent directly to their proprietors (as opposed to parents paying the rent, for example). Students interested in applying for the CAF should check with the Residential Life team regarding the type of contract they sign and whether they are eligible.

## MAIL

Each AUP student has a personal university mailbox in the Saint-Dominique building. Students will also have access to a mailbox in their apartment, though the ability to receive packages may vary.

### STANDARD STUDENT ADDRESS:

Student Name & Mailbox Number  
c/o The American University of Paris  
16 passage Landrieu  
75007 Paris, France

## INTERNATIONAL SHIPPING

International shipping can quickly become complicated and expensive. If you intend to send packages or mail to your student, there are conditions as to what can be sent via mail into France.

**Learn more:** [www.aup.edu/usps](http://www.aup.edu/usps)

Custom charges may also apply to packages arriving from outside of the EU, so please discuss with your student before sending a package. Rather than shipping forgotten items from home, we recommend that students purchase everyday necessities like hair dryers, fans and water boilers, as well as most toiletries and home goods, in Paris.

**Learn more:** [my.aup.edu/what-to-bring](http://my.aup.edu/what-to-bring)

## DISCUSS WITH YOUR STUDENT

Students are eligible to become student advisors in their second year at AUP. All those interested should contact the Office of Student Development at [studentdevelopment@aup.edu](mailto:studentdevelopment@aup.edu).

The ACE Center supports students in developing employable skills and finding professional opportunities during and after their time at AUP. The center regularly hosts career workshops on networking, building a CV, job hunting and more, all of which are open to students and alumni.

## GLOBAL MENTORING PROGRAM

The Alumni Affairs team collaborates with the ACE Center to run the Global Mentoring Program, a semester-long program that pairs current students with AUP alumni mentors. The program is open to students with sophomore standing and above, and is an excellent way for students to learn more about different professional industries. Each mentoring cycle begins at the start of the semester.
